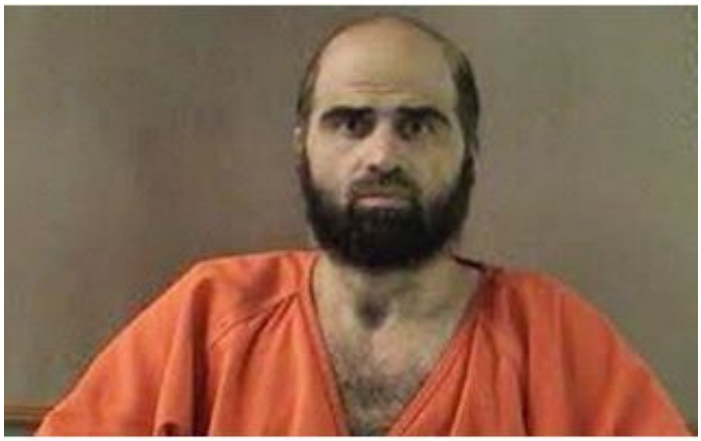
There are at least four types of Muslims: 1) Real Muslims, 2) Wishy-Washy Muslims, 3) Secular Muslims, 3) Secular Muslims, 4) Honorary Muslims

1. REAL MUSLIMS



These Muslims try to follow the Quran and sunna to the word and are true Muslims. All the terrorists and suicide bombers belong to this group. Their only aim in life is to do what will get them to Allah's paradise. Since the only guarantee of paradise, as mentioned in the Quran, is to kill and get killed for Allah (Quran 9.111), that is exactly what their purpose in life is. They try to kill non-Muslims as well as wishy-washy Muslims to acquire paradise.

EXAMPLE: Major Nidal Hasan, M.D., is one such real Muslims. He has reserved himself a place in paradise by killing 13 kuffars in accordance with the promise of Allah and following the footsteps of Muhammad. 72 virgins with swelling breasts (78.33) are waiting for him impatiently in paradise.

2. WISHY-WASHY MUSLIMS
