Slight delay, but certainly coming...

Friends, it was a busy month, working on the movie project on Islam's prophet as I had promised. There is good news and less good news. Well, let's start with the less good one.

Delay in the release of movie

I promised to all of you that I will release the movie in the month of October. But now it has to be released on 14th of December. The reason behind this delay is no compromise with the quality and good preparation. The voice recording, music arrangements, video recording and editing are quite hard jobs, but I am happy that I have finished almost half of that. The voice recording and music arrangements for the Spanish and Hindi versions are done. Next I will have to concentrate on English, Urdu and Indonesian versions.

On coming Tuesday, I have scheduled the video recording in some good locations in Madrid. I believe that in November, I will be able to finish all the arrangements and release the movie on 14th of December 2012.

This project, which I started as a small personal initiative from my bedroom, has grown much bigger over the course of the past few weeks, reaching good studios and several good locations in Madrid, along with support from individuals and political groups home and abroad. This is another main reason for the delay in completing the project.

Volunteers for Arabic translation

As you all know that I am making this movie in English, Spanish, Hindi, Urdu and Indonesian. But it's my wish that we can make a special version with the Arabic subtitle for the Arabic world, so that they also can recognize the dirty truth of Muhammad. I need help of some volunteers,

who can do this translation for me. It's about 14 pages of A4 size, which need to get translated into Arabic. The movie's length is 1 hour and 15 minutes.

Trailer coming soon

Even though I need more time to release the movie, I will be able to release the trailer very soon. Once I finish the video recording, I will release a short trailer, possibly as soon as on the 7th

of November 2012. The trailer can be watched on my website,

Title of the movie

After long confusion and a hard fight between my heart and mind, I have decided the title of my movie to be "The Innocent Prophet". I know it is very similar to the recently released movie "The Innocence of Muslims". But believe me, I have no intentions to copy that title. I decided to go for the title "The Innocent Prophet", because I wanted to use it as a taunt on Muhammad. Calling him innocent is like slapping him. It is simply a taunt on Muhammad that how innocent he was that he used to kill people, abuse minors, create false religion, but still he was very innocent.

That is all for today. Hope to see you on the 7th of November 2012 with the trailer of the movie "The Innocent Prophet". Thank you very much.
